

2023 FSPHP Board of Directors Candidates Statement of Interest

Name: Joseph Jordan PhD

Title: CEO

Organization: North Carolina Professionals Health Program

Why do you have an interest to serve on the FSPHP Board of Directors as a Board member or officer?

I have always been dedicated to the mission of physician health programs. I find myself with the time and ability to serve as a FSPHP Board member and would like to be of service.

What is your vision for the next 2-3 years for the organization? (Please include any thoughts on objectives for accountability, consistency and excellence measures, as well as funding initiatives.)

I believe we are in a time of increasing stress and division within healthcare. Unfortunately, there are a lot of things vying for the attention of healthcare professionals and a multitude of issues facing the healthcare field. I want to help focus the FSPHP on assisting healthcare professionals to find appropriate treatment and monitoring services. My service on the ETAC and as part of the ARC has really shown me the need for guidance in these areas. I must say, however, that I am not sure I can fully answer this question until I have a better understanding of where the board is at present and what are the issues facing the Board. I need to observe and listen for a period of time and then I will have a better idea of where to put my priorities.

What skills do you bring to the organization?

Passion for the mission. Leadership. A willingness to speak up. Past experience on various Boards including NC Sub Abuse Board, UNCG CED Advisory Board, and ex-officio for the NCPHP Board. Also, co-Chair of the ETAC.
